Management Comments:

Commenting on the results, **Mr. Nikhil Nanda, Managing Director (JHS), said,** "in continuation with its efforts, the company has not only been able to stay consistent but has also expanded its segment by adding another client to its private label portfolio. Coupled with the impact of change in the credit policy for the proprietary brand "aquawhite", the sales for the branded products has encountered a decline due to overall slowdown in the economy. Having said that, the team is geared up to make strategic changes with respect to the proprietary brand so as to expand its outreach in a phased manner. Moreover, under the private label business, we are in advanced stage of discussions with certain overseas FMCG companies."
